This Sunday is Education Sunday. Today Catholics are encouraged to reflect on the Church's enormous contribution in this country and pray for all those involved in Catholic education.

The Catholic Education Service (CES) is the agency of the Catholic Bishops of England and Wales charged with safeguarding and promoting our remarkable network of successful Catholic schools. The CES represents Catholic education to the Government, Ofsted and other national bodies to ensure Catholic schools are empowered to flourish.

The Season of Creation is a global ecumenical celebration of prayer and action to protect our common home, starting each year on 1 September and finishing on the Feast of St Francis, 4 October.
Prayer for Creation

Father, Lord of all creation,
we praise you with all your creatures
and the whole universe that comes forth from the work of
Your hands.

We acknowledge the privilege and responsibility
that You give us as stewards of Your creation.
In our ignorance we have done damage to our common
home
and our brothers and sisters are suffering.

Through faithfully following your Son
guide and direct us to prepare for a better future.
Teach us to contemplate You in the beauty of the universe,
for all things speak of You.
Give us the grace to recognise, respect and protect all You
have created,
using wisely all that you have entrusted to us.

Holy Spirit,
who first hovered over the dawn of creation and drew order
out of the chaos

help us to build your kingdom of justice, love, peace and
beauty where the poor of the earth are crying out.

You, who live and reign, world without end, Amen.

During this season we are encouraged to deepen our relationship with God, our neighbour and the earth we share, being ever more attentive to the cry of the earth and the cry of the poor.

We all have our part to play in caring for our common home, and in our recent statement, "Guardians of God's Creation" we encourage a Christian spirituality of ecology, and a call to a new lifestyle, beginning in personal and family life. As disciples, we are invited to be part of the redeeming mission of Christ and to approach our task with joy and gratitude. "Rather than a problem to be solved, the world is a joyful mystery to be contemplated with gladness and praise [Laudato Si', 12]."

Pope Francis has marked the World Day of Prayer for the Care of Creation by releasing a message warning that there needed to be a "renewed and sound relationship" between humanity and creation for the good of the planet. "*Only an authentic and integral vision of humanity will permit us to take better care of our planet for the benefit of present and future generations,*" he said.

Pope Francis focused his message on water – a simple and precious element – and described access to it as a "*basic and universal human right*".

Calling for action to address the emergency of 'plastic pollution' in our seas and oceans, the Pope asserted that men and women of good will must work with the Creator:
